

Bilingual Embeddings  
using Hermann and  
Blunsom , 2014

Word Clustering  
using **greedo**

Original corpus words  
replaced with  
corresponding cluster ids

Using alignments and  
augmented corpus, create  
bitoken sequences

Bitoken Clustering  
using **mkcls**

Bitokens replaced with  
corresponding cluster ids

Create Language  
Models using  
**SRILM**
