

Bilingual Embeddings
using Hermann and
Blunsom , 2014

Word Clustering
using **greedo**

Original corpus words
replaced with
corresponding cluster ids

Create Language
Models using
SRILM

Using alignments and
augmented corpus, create
bitoken sequences

Bitoken Embeddings
using Mikolov et al.,
2013 (**word2vec**)

Bitoken Clustering
using **greedo**

Bitokens replaced with
corresponding cluster ids
